

Inventors and Their Inventions

Using the box listing inventions below, write each invention next to the name of the person who is responsible for it.

1. John Deere _____
2. Benjamine Franklin _____
3. Clarence Birdseye _____
4. Alfred Noble _____
5. George Eastman _____
6. Johannes Gutenberg _____
7. Guglielmo Marconi _____
8. Eli Whitney _____
9. Elias Howe _____
10. Alexander Graham Bell _____
11. Henry Ford _____
12. George M. Pullman _____
13. Wright brothers _____
14. Charles Goodyear _____
15. Thomas A. Edison _____

railroad sleeping car * steel plow * Kodak camera * telephone
electric light * cotton gin * dynamite * wireless telegraph
bifocal glasses * first successful airplane * vulcanization of rubber
sewing machine * quick-freezing process of preserving food
printing and movable type * assembly line method of production

Inventors and their Inventions

Answer Key

- | | |
|---------------------------|---|
| 1. John Deere | Tractor |
| 2. Benjamin Franklin | Bifocal Glasses |
| 3. Clarence Birdseye | Quick-freezing process of preserving food |
| 4. Alfred Noble | Dynamite |
| 5. George Eastman | Kodak camera |
| 6. Johannes Gutenberg | Printing and movable type |
| 7. Guglielmo Marconi | Telegraph |
| 8. Eli Whitney | Cotton Gin |
| 9. Elias Howe | Sewing Machine |
| 10. Alexander Graham Bell | Telephone |
| 11. Henry Ford | Assembly line method of production |
| 12. George M. Pullman | Sleeping Car |
| 13. Wright brothers | First successful airplane |
| 14. Charles Goodyear | Vulcanization of rubber |
| 15. Thomas A. Edison | Electric Light |
